VOL. CXV. No. 157. ALEXANDRIA, VIRGINIA WEDNESDAY, JULY 1, 1914. PRICE, 2 CENTS

HISTORIC SITE FOR PLAYGROUNDS

Many Children Visit Washington School Grounds Today at Opening.

COMMENDABLE WORK

Parents' and Teachers' Association Accomplish Good Results in Their First Endeavor—Plans for Future.

On the grounds of the historic George Washington School, the first public school erected in America, the first playground for children in Virginia was opened in Alexandria today.

Despite the threatening weather a large number of children gathered on the grounds and enjoyed the day in playing and romping.

The work was inaugurated by the Parents and Teachers' Association of Alexandria, which was organized several months ago.

The chairman of the committee of the association which will supervise the playground is Mrs. T. Clifton Howard. Mrs. T. Marshall Jones is secretary and Taylor Burke is treasurer. Mrs. Howard Beall, whose work at the Grover Cleveland School of Washington had attracted wide attention, is the director.

The playground opens with little equipment. This will be installed gradually. Mrs. Beall will lay stress upon industrial work. She will teach the girls sewing and crocheting, while the boys will help make the playground their own by helping in the actual construction of the swings and benches and sand boxes for the younger children.

At a large field adjoining the school there will be a baseball diamond and basketball goals also will be erected.

The new playground will not only be a place for play but a community centre. For mothers will be invited to bring their babies and Mrs. Beall will undertake the instruction of these mothers in simple matters of hygiene and the care of their young during the trying warm months. Parents also will be trained to keep their older children well, and health talks will be given to the older children.

Later in the summer the dramatic work which has formed such an interesting portion of the work at the Grover Cleveland School will be adapted to outdoor presentation, and pageantry will be a portion of this field of effort.

High tribute to the women of Alexandria for their successful efforts in getting the playground is paid by Mrs. Beall.

"The women of the Parents' and Teachers' Association deserve credit for their efforts," the director said. "They have broken the ice for a broader use of the public school property in their city.

"The spreading of the playground idea, even to smaller cities, is an encouraging sign. A campaign of education in this direction has been carried on by the United States Bureau of Education, and it is pleasing to see the fruits being borne by a city so near our own."

Opening of the new playground has aroused interest in the history of the old building which is a monument to free schools in this country. Investigation by the Alexandria citizens has shown that George Washington was deeply interested in the free school idea. During his lifetime he gave 50 pounds for a free school for the education of "the sons of widows."

But George Washington soon saw that there should be no favored class in free education, and in his will he modified the following clause:

"To the trustees of the Academy in the town of Alexandria, I give in trust $4,000, or, in other words, twenty of the shares I hold in the Bank of Alexandria, toward the support of a free school."

NEWS OF THE DAY

The Southern Railway Company, which has been controlled by a voting trust agreement since 1894, is to be handed over to the shareholders on July 31 next, according to a statement issued by the surviving trustees in New York yesterday. These are Charles Lanier and George F. Baker, who, with the late J. P. Morgan, comprised the voting trust.

In an attempt to liberate himself from the Williamsport, Ill., jail, by means of a powerful explosive, Walter Atchison, aged 31 years, was killed, his head being blown off. The explosion did much damage to the interior of the jail Atchison was arrested on a charge of horse stealing.

A conference of Democratic senators for today was called last night by Senator Kern to act upon a resolution announcing to the country that Congress will stay in Washington until it has disposed of anti-trust legislation. The conference will begin at 4 o'clock this afternoon, and although leaders are not certain what may develop, they expect the resolution announcing it to be the sense of the party in the Senate to put through trust legislation before adjournment, to be adopted without prolonged discussion. Its adoption will bind Democratic senators.

While seated in a chair in the office of Dr. Edward Carman, a prominent physician, in Freeport, N. J, last night, Mrs. Louise Bailey, wife of William D. Bailey, a Brooklyn hat manufacturer, was shot and instantly killed. Her assassin broke a window pane with the muzzle of a revolver, thrust a hand through the rent in the glass, pushed aside the curtains, and fired the fatal shot. Mrs. Bailey, was an attractive woman, 37 years of age. The bullet struck the right shoulder, and traveled downward, striking her heart. She died instantly from her wound. Her assassin is unknown.

Elwood Marvel, 35 years old, tenant on the Parker farm at Cool Spring, Del., committed suicide yesterday by hanging from a small tree at Hunter's Mill pond, near his home. When found by George W. Simpler he had his pipe clinched in his teeth. He is said to have been despondent over short crops.

Miss Grace Fendt, a public school teacher, and John O. Schenk, the millionaire meat packer, of Wheeling, W. Va., who two years ago had a narrow escape from death by arsenic poisoning, which his wife, now divorced, Laura Farnsworth Schenk, was accused of administering, will be married Saturday. They will sail on the Vaterland July 7 for a tour of Europe.

Chicago, July 1.—General Francisco Villa's bathtub, shipped from Chicago to Juarez, Mex., in response to his order for "the best tub money could buy," cost him $400, it was made known yesterday by the firm that sold it. Shipping charges came to $125 more.

WANTS CHURCH PUBLICITY.

Catholic Religion too Much Hidden, Says Bishop McFaul.

Atlantic City, July 1.—More publicity for the Catholic Church and its doctrines was advocated by Bishop McFaul, of the Trenton Diocese, yesterday, folowing a Pontifical Mass at St Nicholas' Church, which formally opened the annual convention of the Catholic Educational Association. Archbishop Prendergast, of Philadelphia, celebrated the mass, and within the church were gathered 500 or more eminent Catholic educators from all sections of the country, including priests, Christian brothers and nuns who have been honored with degrees by the leading religious and secular educational colleges and universities of the country.

Bishop McFaul struck a popular chord among his auditors when he said: "We want to get our church and her doctrines before the public. We must let the people know who we are and what we stand for. There has been too much of a disposition to keep our religion to ourselves. We are not united in the way we ought to be.

PROHIBITION IN WEST VIRGINIA

Several Tragedies Mark Close of Saloons and Breweries.

WILL LOSE $10,000,000

State Deprived of $625,000 in Revenue and 3,000 Men Out of Employment by the Change.

Charleston, W. Va., July 1.—So far as the authorities know every saloon, brewery and distillery in the State closed its doors before midnight, and West Virginia is "dry." Several tragedies in the last hours are reported. One occurred here. Charles Whittington was beaten to death in the rear of a saloon. Two of the crowd were arrested.

In a number of cities day and night police forces were on duty until midnight.

There was probably mor intoxication on the streets than on any single day or night in the State's history in most of the cities. Stocks of liquor that could not be disposed of were given away. In some places the police and saloon men, to prevent disorder, dumped quantities of beer and whiskey into the sewers.

The Yost law drives over 5,000 saloons out of business in the State, and closes 12 breweries and 5 distilleries. It is estimated it will take $10,000,000 out of the liquor business, and throw 3,000 men out of employment. The State will lose annually $625,000 in revenues, and $9,000,000 will be diverted annually to other channels of trade.

The Woman's Christian Temperance Union had planned a big demonstration in Wheeling for last night, but it was forbidden by the chief of police, who feared trouble. Parades were held in other cities. In many of the cities of the State the Woman's Christian Temperance Union will mw independence day."

Huntington, W. Va., July 1.—Four lives went out with the liquor traffic in Mingo County, this State, the deaths of Henry Carlton and Hiram Prince, of Naugatuck, and Aaron Meredith and Tom Boran, at Rose Siding, being ascribed to abnormal conditions, growing out of the closing days of the licensed saloon.

Prince, it is asserted, was celebrating the last day of West Virginia and had a big jug of moonshine in his house. Refusing to be arrested when Deputy Sheriffs Maynard and Carlton, of Mingo County, went to serve a warrant upon him on a charge of disturbing the peace, Prince opened fire on the officer, instantly killing the latter and seriously wounding the former Deputy Maynard returned Prince's fire and the desperado was so seriously wounded that he died later.

When the officers arrived at Prince's home Deputy Sheriff Maynard read the warrant through a window. After listening to the reading, Prince told the officers that he positively refused to surrender, but would "shoot it out," whereupon he opened fire. Prince was placed aboard a train to be taken to the Miners' Hospital at Welsh for treatment, but died in the baggage car between Davy and Welch, a few miles from his destination.

Meredith and Boran, miners, laid in large quantities of liquor in preparation for the long drouth. They accidentally set their cabin on fire, and their charred bodies were found this morning in the ruins of their cabin.

MT. VERNON'S GREAT LOSS.

More Than Fifty Century Old Trees Are Destroyed by the Storm.

The damage done by last Sunday's storm at Mount Vernon was more serious than was at first thought. Account of the trees that were blown down by the gale shows that over 50 trees were destroyed, many of them over a century old. The loss, of course, cannot be calculated in dollars.

DEATH OF ALEX. HUNTER

Former Well Known Resident Passes Away in Washington Today.

Alexander Hunter, who in by-gone years resided in this city, died in Washington yesterday. He was about 73 years old. He is survived by three sisters,—Miss Fannie and Belle Hunter and Mrs. Gray, of Fredericksburg.

The deceased was a son of Bushrod Hunter, who served in both the Confederate army and navy during the civil war, and was born in Alexandria county, a short distance north of this city.

At the outbreak of the war between the states he became a member of the Black Horse cavalry which participated in the first Bull Run battle. He subsequently belonged to other commands, but his more heroic services were rendered in detail work and the execution of important missions for Confederate leaders.

At the close of hostilities he became a resident of Alexandria, and during the latter part of the seventies was with the late William H. Fowle, a delegate in the Legislature from Alexandria city and county. About this time Mr. Hunter was a regular contributor to the Alexandria Gazette, writing under the nom de plume of "Chasseur."

He subsequently removed to Washington, where he was for a long time in a federal position. During his life he had written several books, most of which described southern scenes in an interesting manner. His last work appeared but a few months ago. It was local in its nature, and his pictures of life in Fauquier county ante bellum days was especially interesting reading to people living in Virginia.

The funeral will take place at Arlington tomorrow afternoon. R. E. Lee Camp of Confederate Veterans, of which the deceased was a member, will leave here tomorrow at 2 p. m., for the purpose of attending the funeral.

ROOSEVELT'S SPEECH.

Former President Attacks Democratic Administration Last Night at Pittsburgh.

Pittsburgh, July 1.—Former President Roosevelt made here last night his first speech of the 1914 campaign.

His address was the first political address that has come from him since his return from Brazil. It was divided, generally speaking, into three parts—an attack on the administration, an indictment of "bosses," and an exposition of the principles of the Progressive party.

The administration's tariff was Colonel Roosevelt hailed as a colossal failure, particularly hard upon the farmer; its anti-trust program he branded as an economic absuridty. Its foreign policy he styled as "wretched," but upon this he did not elaborate. The Democratic tariff, he insisted, had brought distress upon the nation, had not lowered the cost of living, and had chiefly benefited foreign rivals of American business.

The solution rested, he argued, in support of the progressive movement and the enactment of laws providing for tariff revision by a non-partisan commission.

DISTRICT INCOME TAX $70,112.30

Collector Moncure Reports Total Receipts for Fiscal Year.

REVENUE ON TOBACCO

Richmond Cigarette Manufacturers Paid Federal Government $3,386,311.43 During Year.

Richmond, July 1.—Reports from Collector of Internal Revenue R. C. L. Moncure, of the Eastern District of Virginia, showing the largest collections for June and the year 1914 in the history of the office, were probably the first to be made to the authorities in Washington.

The figures announced from this office last night show that the last year has been one of the most prosperous in its history, and that during the month of June all records for receipts have been broken. The increase in revenue from the sale of cigars, cigarettes, liquor, as well as that from corporations and individual taxes, has been general and almost as clearly marked from one source as from another.

A peculiar feature of the day's work yesterday was the receipt of several checks from individuals for amounts of 1 cent. These checks were for income taxes, and in many cases were in payment of taxes which amounted to less than the penny paid, but, as that is the least unit of monetary value, it had to be paid. Uncle Sam made the difference and also the two cents postage which it cost the taxpayer to send them to the office of the collector.

The income tax for 1914 amounted to $70,112.30, of which amount $55,775.62 was paid during the month of June. As this is the first year during which such a tax has been levied, no comparison can be made.

Corporation taxes showed an increase in 1914 over the preceding year of about $1,200. The total sum collected was $305,816.17, as against $304,600.70 for the year before. The collections for the month of June totaled $281,881.88.

Probably the greatest increase in revenue recorded was that from the sale of spirits. It was shown that the revenue from this source for the last year amounted to $1,068,577.09, as against $820,213.52 for 1913. During June $80,286.58 of the revenue was collected. Collections from the sale of beer amounted to $80,245 during the year.

Were it not for the actual figures, which cannot be denied, it would be hard to believe the sums named as having been paid in revenue during June and the entire year for the manufacture of cigarettes in the Eastern District. According to the figures announced last night, $3,386,311.43 was paid during the year as revenue from their manufacture, and of this amount $324,556.08 was paid within the last month. These figures show an increase of nearly $10,000 over those of 1913, which were $3,288,604.70.

While the sums received from the manufacture of cigars is much less than that obtained from the manfacture of cigarettes, the figures are large and the increase is also very marked. The United States government received $961,224.91 as revenue from the manufacture of cigars in 1914 as against $880,758.82 in 1913. During June of this year $61,857.99 was paid in revenue from this source.

To these figures are added those from the manufacture of other kinds of tobacco which amount forms one of the largest items recorded in the office of Collector Moncure. Within the last month $115,722.80 was paid into the office of the collector, while the total collections for the year amounted to $1,292,808.97. Those for 1913 were $1,290,620.97 showing an increase of slightly more than $2,000.

The total collections from the office of Collector Moncure for June amounted to $951,993.51 and for the year $6,268,932.22.

The figures for the year are $887,558.40 as against $828,810.49 for the year before, while those for the month are $70,000 as against $63,000 for June of 1913.

CHARGED WITH FORGERY

Man with $225,000 Check Arrested in Washington.

The man who entered the North Capitol Savings Bank, 731 North Capitol street, on Monday afternoon and opened an account for $225,000 by presenting a certified check in favor of the Chesapeake and Ohio Railroad, is under arrest. Detectives Cornwell and Berman found the depositor last night in a rooming house in the northwest section. At police headquarters he gave the name of I. A. Cuicci, 30 years old, and said he lived in Richmond, Va.

In his possession was found the bank book, crediting him with $225,000. He had a book of blank checks.

Cuicci is held on a charge of forgery, because when indorsing the $225,000 check he described himself as "special agent for the Chesapeake and Ohio Railroad." Cuicci probably will be turned over to the Richmond authorities. Cuicci last night explained how the check came in his possession.

"I run a tailor shop at Ninth and Broad streets, Richmond," he said. "I was drunk for two or three days and Monday morning I went to the depot in Richmond. I was sitting on the steps of a mail car just before the train left.

"Suddenly a young fellow rushed up and thrust a big envelope in my hands. I guess he thought I belonged to the government mail service, because he asked me to be sure and see that it went on that train. I went into a coach and then I saw the letter was addressed to the treasurer of the railroad company in New York."

Ciucci said his curiosity got the better of him and that he tore the envelope open and found the check. When I got to Washington I took the check to the first bank I could find and there I deposited it. That's all I know about it."

WILL HAVE SANE FOURTH.

Quaker City Will Enforce Law Against Fire Works.

Philadelphia, July 1.—Philadelphia will indeed have a safe and sane Fourth of July this year if the orders issued last night by Superintendent of Police Robinson, with the approval of Director Porter, are carried out to a letter by the police throughout the city. All persons found violating any of these acts or ordinances are to be prosecuted to the full extent of the law.

The State and municipal laws make it unlawful for any person to manufacture, sell or offer for sale any fireworks, firearms, explosives, toy pistols, toy cannons or other articles commonly used for making noises and celebrating the national holiday.

POWERS ABOUT TO MAKE A DASH

British, German and French Cruisers at Vera Cruz Ready to Act.

TO POLICE CAPITAL.

Marines and Sailors Will Be Rushed to Mexico City, if Needed, to Suppress Any Disorder.

Vera Cruz, Mexico, July 1.—Rapid action by the marines and bluejackets from American, British, French and German warships in the harbor here was freely predicted today in case the collapse of Huerta's power in Mexico City, which seemed imminent, should come in such a way as to endanger the lives of foreign residents in the capital.

While no official of any of the powers would be quoted it was persistently reported that an agreement has been reached that, when Huerta flees, an international force will at once be pushed over the railroad to guard the persons and property of those who might be endangered by anarchy following the dictator's fall.

It was stated here today that such a dash by all the powers would in no sense be regarded as intervention that it would be simply using sufficient force to police the city and guard legations until the United States had decided what action would be taken in a larger way—if any. It was understood that the United States had been consulted and had agreed to this view.

In the harbor today, beside the American warships, lay three British cruisers. The German cruiser Dresden was at target practice only a few miles off the port. The French cruiser Conde was at Puerto Mexico but her commander notified Rear Admiral Badger that she would return here before July 4.

These ships will furnish the men for the international police if a dash to Mexico City becomes necessary. It is not believed they would meet with opposition on the way as most of the regular Huerta troops have been withdrawn from the railroad line. Besides it is believed, should Huerta flee from his capital, his whole organization would crumble in a hour.

Two Firemen Killed.

Charlotte, N. C., July 1.—Fireman W. B. Glenn was instantly killed and Chief Wallace of the Charlotte fire department was fatally injured by an explosion by dynamite while fighting a fire on Cedar street this morning at 9 o'clock. Responding to an alarm, a barn was found to be burning briskly, and it was while fighting the flames that dynamite stored in a house nearby exploded.

Chief Wallace ded at 12:20 in a local hospital, where he was rushed just after the accident.

Three other members of the department, Randolph Erwin, Clyde Todd and Robert Barnes, also were more or less painfully hurt in the accident.

JAPAN'S CASE HOPELESS

A Feeling that the Status of Japs Abroad Must Be Fixed.

Tokio, Japan, July 1.—Takaaki Kato, the Japanese Foreign Minister, yesterday announced that details of the treaty negotiations between Japan and the United States on the subject of the California alien land ownership legislation would not be published out of deference to a request from the United States government and also because the publication was deemed unnecessary.

The comment yesterday among the leading newspapers unanimously expresses dissatisfaction with America, but following the cue given by the Foreign Minister, shows a disposition soberly to discuss the subject in the hope of enlightening instead of exciting the public.

The fear is expressed that Japan's case is hopeless and there is evidence of a strong feeling that the time has arrived to fix the status of Japanese subjects living abroad.

FOIL TRAIN WRECKING JOB.

Berry Pickers Notify Crew Aboard Pay Car of Exploded Tracks.

Girardville, Pa., July 1.—Far up in the mountains above Girardville, where dense woods skirt the tracks, a daring attempt to dynamite a Lehigh Valley pay train was frustrated by berry pickers yesterday afternoon. speeding towards Centralia, carryng $60,000 to be dispensed among employees of the Centralia and Continental collieries, the pay train, made up of an engine and passenger coach, containing four paymasters and several special officers, was flagged by a party of boys and girls, who had been picking huckleberries in the woods.

Further on, the boys declared, the tracks had been blown up. A hurried investigation verified their story, and led to amazing details. From the point where the rails were wrecked a wire led back considerable distance to a battery in the woods, indicating a time fuse had been used to explode the dynamite.

Officers were later turned loose on the scene; but arrests have not yet been made.

TWO WHITE CASKETS.

Impressive Services this Morning in St. Mary's Church at Funerals of Cousins.

Laying side by side in two white caskets, covered with white roses, typical of their youth and innocence, Mary Loretta Kelly and Helen Leone Downey, the two young cousins who were drowned at the Dyke on Sunday afternoon, received the last rites of the Catholic Church this morning. The services were conducted by the Rev. F. L. Locke, at St. Mary's Catholic Church and it was one of the largest funerals that Alexdria has ever seen. The church was packed and the sidewalks and street in front of the church were crowded with people who were unable to gain entrance to the building.

The Children of Mary, a juvenile society, connected with the parish, formed a cordon of honor for the dead. Two hundred young girls, dressed in white and wearing around their necks a blue ribbon, from which was hung a silver medal of St. Mary, formed in a double row on each side of the main aisle. During the services a solo was sun by Miss Kathryn Brill. Interment was in St. Mary's Catholic Cemetery.

The pallbearers were as follows: For Miss Kelly, John Filgate, John Buckley, Horace Dennis, James Filgate, George Keagan and Francis Downham. For Miss Downey, Clarence Monroe, George Brenner, Bernard Sweeney, Edward Downey, Everett Kelly and Bernard Fegan.

SITE FOR NEW HOSPITAL

Committee Will Hold their First Meeting this Afternoon and Effect Organization.

The committee named yesterday by Chairman Hulfish of the Alexandria Hospital Board, who will select a site for the new hospital building will hold its first meeting this afternoon at 4:30 o'clock at the Chamber of Commerce when an organization will be effected. The committee is composed of Robert S. Jones, James R. Caton, Carroll Pierce, A. D. Brockett, and W. A. Smoot, Jr.

There will be no action taken at today's meeting other than to organize and plan for the future meetings of the committee. It is realized that the selection of a site is one of the most important matters in connection with the new hospital and the committee will make a careful investigation of all the available locations in the city before coming to a decision.

The arrangements for Saturday's outing at Luna Park for the benefit of the hospital are nearing completion and it is expected that the attendance will be very large.

CARS TO COST $4,500 EACH.

House Agrees to Appropriate for Automobiles for Marshall and Clark.

Washington, July 1.—After days of parliamentary wrangling, both Houses of Congress yesterday agreed to appropriate for automobiles for Vice-President Marshall and Speaker Clark. Each will have a car costing $4,500.

Republican Leader Mann led the fight for the appropriation for the Speaker.

"I think," he said, "we ought to give him a slight recognition of his great abilities as Speaker, remembering that but for a chance he would now have been President, enjoying the privilege of many automobiles. I do not wish to draw comparisons between the Speaker and the President, but if Champ Clark had been nominated and elected President all would have been proud of him in that position."

The House cheered Mr. Mann's tribute to the Speaker and passed the appropriation already approved by the Senate.

HELD IN $1,000 BAIL

Danville, Va., July 1.—A. H. Adkins, a well-known South Boston merchant, was yesterday afternoon held for the Federal Grand Jury under $1,000 bond, following a preliminary hearing before United States Commissioner A. C. Edmunds. Adkins is charged with transporting Ruth Royster, a Durham, N. C., girl, aged 15 years, and bride of a month, from that city to Danville and from here to Lynchburg. Only three prosecution witnesses were examined, the defense waiving examination of its witnesses. The girl was on the stand two hours, and and stated that Adkins asked her to mount his car in front of the Durham postoffice and take a ride. They landed here the next day, June 5.

ALLEGED MURDER.

After Dragging up Bones Father Causes Arrest of Boy's Former Companion.

Richmond, July 1.—After digging up the bones of a corpse buried several days ago on the banks of a river twenty miles north of Richmond and positively identifying it as that of his son, Howard A. Newman, who disappeared some weeks ago, William E. Newman, an ex-policeman and father of Mrs. W. C. Summers, of 219 West Thirty-sixth street Park Place, Norfolk, yesterday swore out a warrant before a Hanover county magistrate charging a former companion of his son with murder.

It is the theory of Newman that his son was murdered in Richmond the night of his disappearance and his body was conveyed to the river and thrown in at a point some distance above where it was washed up on the bank.

When it was discovered it had been picked by the buzzards to such an extent that it was almost a skeleton. Newman identified it by means of a gold filled tooth and the shoes which were still intact.

ELKS' ASSOCIATION.

Organization May Meet in Petersburg in September.

Hampton, Va., July 1.—The Elks' State Association, which was to have met in Petersburg in September, is now without a meeting place as the Cockade City has thrown the convention up. It is thought that Newport News will try and land it. Prominent Elks of that city said yesterday that they would go after it. In the event that Newport News does get the antlered herd to meet in its hospitable borders for the three days of the meeting. Hampton Lodge will join them in making the visitors welcome and take over one day for their entertainment.

KILLING OF BALLOU

Mrs. Angle Released on Five Thousand Dollars Bail.

Stamford, Conn., July 1.—Definite announcement was made yesterday that the police are working on the theory that Waldo R. Ballou, the aged political leader, whose death early last week is under investigation, was murdered.

There was also an intimation that the bail bond of Mrs. Helen M. Angle, at whose apartments Ballou was a vsitor on the night of his death, might be recalled. She is now at liberty under $5,000 bonds, awaiting the outcome of the coroner's inquiry.

It was learned that while the police do not believe Mrs. Angle had any direct connection with the death, they do believe she knows who was responsible for it and be regarded as a very material witness. The theory on which the police, it is understood, are working is that a second man was in the Angle apartment after Ballou left Tuesday night, that the latter returned unexpectedly and found him there and that a quarrel ensued, during which Ballou received the blow which caused his death. The police claim to be in possession of evidence to substantiate this theory, and which, it is said, may lead to an arrest.

MRS. HALL'S CASE.

Prosecution to Ask That She be Charged With Burning of Property.

Richmond, Va., July 1—The trial of Mrs. Victor Hall charged with the murder of her husband on the morning of April 15, is set for July 14, three months after the terrible tragedy that created consternation in the neighborhood of Green Springs, Louisa county, and aroused interest throughout the state.

The next grand jury will be asked to indict Mrs. Hall on several arson charges, including the burning of W.R. Dunkum's store, the burning of the railway station at Green Springs, and twice attempting to burn her own home..

While the Commonwealth is confident of conviction, it is certain that the case will develop one of the most sensational legal battles in the criminal history of the state. Mrs. Hall will be represented by R. Lindsay Gordon.

Mrs. Hall is now at her home, the restrictions place on her bond that she must remain out of Louisa county previous to her trial having been removed by the court. She is closing out her business at Green Spring, and in event of acquittal, will possibly move out of the county.

THE LATE ARCHDUKE ..

Vienna, July 1.—The news of the death of Archduke Francis Ferdinand an dthe Duchess of Hohenberg was broken to their children at 7 o'clock Sunday evening. The orphans broke down and their aunt, Countess Chotek, fanited.

The Tagbblatt says the late Archduke's life was insured with Dutch companies for $12,000,000 and that of his wife for $6,000,000.

The perpetrators of Sunday's outrages are to be tried before the civil courts and not under martial law. Nedelje Gabrinovics ,who threw the bomb at the Archduke and his consort on Sunday, will, therefore, be liable only to imprisonment for a period of from five to ten years on a charge o fattempted murder, while Gavrio Prinzip ,who fired the fatal shots, may, it is said, escape with 10 years' imprisonment on account of his youth.

ANOTHER ASSAULT.

Young Woman Attacked in Richmond Sunday Night.

Richmond, July 1.—Miss Mattie Smith, of 1010 West Clay street, was assaulted and frightened into unconsciousness by an unknown white man near the corner of the Boulevard and Reservoir Park about 7.30 o'clock Sunday night. She was found still unconscious by two gentlemen who live in the neighborhood about four hours later and revived.

Miss Smith was able to give a good description of her assailant and the entire Richmond police force is on the lookout for him.

The story came to light late Monday afternoon, before which time Miss Smith was unable to give a connected acount of the affair. When questioned by detectives who were assigned to the case, Miss Smith seemed still excited and highly nervous.

Miss Smith has only recently left a local hospital, where she had come from her home at Louisa for treatment. While in Richmond to recuperate somewhat from a serious operation, Miss Smith was staying with a cousin, a street car conductor, who resides at 1010 West Clay.

The girl is only eighteen and is extremely unsophisticated in the ways of the city. She remembers nothing that transpired from the time her arm was grabbed at about 730 o'clock Sunday night until she was revived four hours later.

Miss Smith had been asked to take a key, which was carried by her cousin, out to the Virginia Railway and Power Company's terminal office at Reservoir Park for her cousin, who was temporarily confined to his bed. She says that while waiting for a car to come back home, she strolled towards the race track, only a block away. Just as she reached the corner she was accosted. What direction the assailant took in making his get-away could not be learned.

Two men returning home late that night saw her body lying half hid beneath a hedge along the roadway and went to investigate. The girl was pulled out and from all appearances seemed to have escaped injury. It was seen that she was still breathing and restoratives were used. She was soon revived and was able to walk. To the men who offered to accompany her home she said that she was able to get along all right, and after thanking them for their assistance, caught a car for her home.

She arrived there shortly after 11 o'clock and the entire household was up and seemed very much alarmed over her absence. The terminal office had been 'phoned and the family was told that she had delivered the key there two hours before and had said that she was going home.

It seems that when Miss Smith fainted, her assailant was frightened and made his escape. The young girl told the police that she had received no bodily injury.

Miss Smith is considered a very beautiful girl.

FIVE MEET DEATH IN MINE.

Score of Lives Saved by Miners Stopping for Farewell Drink.

Williamson, W. Va., July 1.—Trapped in an entry of the Sycamore mine several miles from here, five miners met their death this morning when fire spread from a fan house to the place in which they were working.

Twenty other miners, who usually are in the same shift owe their lives to the fact that they were late at work having stopped to drink farewells to the closing of West Virginia saloons.

Word was sent to the Bureau of Mines station at Fairmont immediately, and the rescue car and crew rushed to the Sycamore mine.

CONDITIONS IN ULSTER.

Belfast, Ireland, July 1.—Ulster Volunteers, with rifles and fixed bayonets, paraded the streets here today in full uniform under instructions from Lieutenant General Sir George Richardosn, as notice to the authorities, it was said, that "Ulster will fight."

Only a few of the volunteers appeared today, but it is believed the order is part of a unionist plan to show the movement's strength in Belfast, and that, unless means are found to prevent the display, the the whole section probably will be full of martial figures within the week.

DOUBLE FUNERAL THIS MORNING.

The scene in St. Mary's Church this morning was one of the most pathetic ever witnessed in Alexandria. Two caskets, containing the mortal remains of the daughters of Mr. Thomas Kelly and Mrs. John T. Downey had been placed in front of the railing by sorrowing friends, while members of the stricken families shared each other's woe while listening to the solemn and impressive services.

Three days ago the victims of the drowning accident at the Dyke were as full of life as other young people, unconscious of the terrible fact that the sands of their lives, although at the portals of their teens, were nearly run.

There was a brief period in the world's history when One, by uttering the words, "Talitha cumi," caused a damsel of the same age lying in death to sit up, but this was as the glare from a brilliant meteor, although the scintillations left in its train are now, after a lapse of nineteen centuries, as the rustling of unseen wings to all who look for happy reunions of broken family circles in an age to come.

Many friends and acquaintances of the stricken households gathered in the church to witness the obsequies, and sincere expressions of sympathy rose from the souls of all.

While the Gazette voices the words of sympathy which go up from the entire community at this awful dispensation, it is realized that at this time nothing can be said which will tend to guild this terrible affliction. Time only can blunt the keen edge of death.

PROHIBITION IN WEST VIRGINIA.

If Virginia should be so unfortunate as to go dry and some millions of dollars be diverted every year to the saloon keepers and shipping houses of Washington and other Northern and Middlewest cities, we hope that the new regime will go into effect without the bloodshed which accompanied the closing of the saloons in West Virginia last night. According to the telegraphic accounts there was more intoxication on the streets of the State capitol last night than on any previous night in its history.

We will watch with much interest the working of the prohibition law in West Virgina. It is one of the most stringent laws that any State has ever passed and if honestly operated will prevent the sale of liquor in the State. But there is no possibility of it stopping the drinking of liquor, for every man has the right to ship in what he wants for his "private" use.

AGAIN ON RAMPAGE

Woman Would Horsewhip Premier Asquith—More Fires in London.

London, July 1.—After a brief lull in their activities, the militant "furies" again aroused London yesterday. A series of mysterious fires in the south of London which did damage estimated at more than $1,000,000, was attributed to the suffragette arson squad.

Several business houses were burned and two tenement houses. Fifteen famlies were made homeless. According to Scotland Yard, unmistakable evidence of incendiarism were found.

While the flames were burning their way through South London two women gained entrance to the official residence of Premier Asquith in Downing street. Through the ruse of pretending to have an appointment wth the Premier they were admitted by the servant. They were no sooner inside than they demanded an immediate interview to "obtain justice for women."

When it was learned that they were suffragettes, the servants tred to eject them and a violent scene ensued.

During the fight one of the women pulled a lock and chain from her dress and attempted to lock herself to the door, but failed. Polcemen were summoned and the suffragettes were hurried away to jail, meanwhile screaming that they "were not yet through with the Premier Minister."

At Bow Street Police Station a dog whip was found on one of the women. She admitted that she intended to lash Premier Asquith if she succeeded in getting into his presence. The other woman was identified as "Miss Watson," a militant wfe a long police record. Both were fined $10.

Norfolk, Va., July 1.—The main building of the Stove and Timber Corporation, owned by the Arbuckle Coffee Company, was destroyed by fire yesterday, entailing a loss of $100,000.

The plant was the only one of its kind in this country. It was erected as an experiment, and had proved a big success.

TO THE OWNERS OF DOGS.

The law of the city makes it the duty of the Mayor to give public notice to persons owning or harboring dogs to come forward and take out license for the same from the City Auditor or be reported and fined upon failure to do so.

The license law requires this tax to be paid before July 1, 1914. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be compiled with. The policemen are expected and are directed to report to the police court the owners of all unlicensed dogs. The license on each dog regardless of sex is ($1.50) One dollar and fifty cents.

"GETS-IT" FOR CORNS ON YOUR PIGGY-WIGGIES !

Quit Puttering With Corns. Use This Sure, New-Plan Cure.

A few drops of "GETS-IT", the biggest seller in the world today of any corn remedy, is enough to spell positive doom to the fiercest corn that ever cemented itself to a toe. It's

These little toes had "GETS-IT" — These little toes had none.

good-bye Johnnie. You apply "GETS-IT" in two seconds—no fussing with plasters that don't stay put, with salves that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poison from corn-cutting and corn-bleeding. "GETS-IT" shrivels up the corns, they come right off. That's the new principle. It's just common sense. No more corn-pains. "GETS-IT" is safe, and never hurts the flesh. Get rid of corns and calluses.

"GETS-IT" is sold at 25c a bottle by all druggists, or sent direct if you wish, from E. Lawrence & Co., Chicago.

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

WISHED SHE COULD DIE

And Be Free From Her Troubles but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place "I wished I would die and be relieved of my suffering, from womanly troubles I could not get up, without pulling a something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

Don't Lose Sleep Coughing at Night.

Take Foley's Honey and Tar Compound. The very first dose surprises you. It glides down your throat and spreads a healing, soothing coating over the inflamed tickling surface. That's immediate relief. It loosens up the tightness in your chest, stops stuffy wheezy breathing, eases distressing, racking, tearing cough, soothes the irritated, inflamed bronchial tubes and air passages. Children love it. It is mildly laxative—as a cough medicine should be, and does not upset or distress the most sensitive stomach. Refuse any substitute. Contains no opiates.

Recovered from Lung Trouble—Now Insured

Insurance companies will not accept any one affected with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that the policy-holder must be in a very good state of health. Cases have been reported when Lung Sufferers, after taking Eckman's Alterative, a remedy for Throat and Lung Troubles, have successfully passed the medical test of insurance companies. Read this case:—

237 Dean St., Brooklyn, N. Y.

"Gentlemen: About a year and a half ago I noticed that my health was rapidly failing. I was troubled with night sweats, a severe cough and was very weak; having, in fact, absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who, after examining me, said that I was in the first stages of Lung Trouble. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have just been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative."

(Affidavit) W. E. GEE.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most effective for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

STRANGLES HER CHILDREN.

Crazed Woman Kneels in Prayer by Side of Dead.

Baltimore, July 1.—Crazed by ill health and other misfortunes, Mrs. Marie Finck, 42 years old, strangled two of her little children to death this morning at her home. The dead are John Finck, 4 months old, and Carroll Finck, 5 years old. The mother ended the lives of the little ones by drawing a cord tightly about their throats.

The tragedy was discovered by another of her children, 12-year-old Marie Finck, who found her mother kneeling in prayer beside the bodies of the little ones. The crazed woman tried to catch Marie and the little one only escaped through hurried flight to the street.

Mrs. Finck was crying aloud to heaven that she had fulfilled her promise to the Almighty. She told the police later that she had been commanded by God to slay her children and that it had been her intention to end the lives of all of them.

The woman had six children. One is in a sanitarium. Marie owes her life to the fact that she was out of the house playing with some companions when the mother committed the deed. Two little boys had accompanied their father on his daily rounds on a wagon which he drives.

Ill health, coupled with the serious illness of her 19-year-old daughter, Florence Finck, who is a patient in the State sanitarium at Sabillasville, is believed to have unbalanced the mind of Mrs. Finck. The particular form of her ailment caused her to believe that a message had been sent from heaven to kill her children.

Body Thrown Fifty Feet by Train.

Gloucester, N. J., July 1.—Mrs. Mary Schules aged fifty years, was struck and killed by a southbound West Jersey and Seashore express train today. The body was thrown twenty feet. The accident occurred a square from the station which her daughter was to leave on a northbound train a few minutes later.

The Irish in the House of Representatives rose in their might Monday and assisted in the defeat of a bill providing for American participation in a celebration of the one hundred anniversary of the signing of the treaty of Ghent.

AFTER PASSING YEARS.

Alexandria Testimony Remains Unshaken.

Time is the best test of truth. Here is an Alexandria story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. W. J. Whalen, 1139 Prince St., Alexandria, Va., says: "I willingly repeat the statement I gave for Doan's Kidney Pills some time back, as it is all true. I never let an opportunity pass to recommend this remedy. Doan's Kidney Pills cured me of a constant pain in the small of my back. After I took them my health was better and I had no more dizzy spells or headaches."

Mrs. Whalen is one of many Alexandria people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Whalen had—the remedy backed by home testimony. 50 cents all stores. Murder in Norfolk.

Norfolk, Va., July 1.—The mystery surrounding the discovery of a blood-stained cap and a piece of heavy galvanized iron pipe on the deck of the tug Ridgewood, of the Joseph M. Clark Towing Company's fleet Monday morning, was partly cleared when the body of an unidentified negro boy, with his skull split open was found floating in Roanoke Dock, where the Ridgewood was tied up Sunday night. The city coroner viewed the body and while many people around the dock were questioned the name of the victim was not learned.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

"Tuxedo, cool and mild, is essentially the smoke that satisfies. Many of my fellow golfers agree with me in giving preference to Tuxedo."

Tee Up! Smoke Up!

AS satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.
